School Performance Report
to parents and the community

ACT Test Results

The ACT is designed by the American College Testing Corporation of Iowa City, Iowa, to measure knowledge, understanding, and skills acquired during the K-12 educational experience in English, mathematics, reading, and science reasoning. The University of Wisconsin System accepts either the ACT or SAT I. The ACT is preferred. However, students will not be advantaged in the admission process by taking one test rather than the other. Information is for members of the graduating class who took the test as juniors or seniors. Only students who completed the entire test are represented in this publication.

District	3rd Friday Enrollment	Students Tested		Average Student Scores				
		Number	Percentage	English	Mathematics	Reading	Science	Composite
<i>U. S. National Average</i>	Highest Possible Score = 36.0			20.7	21.0	21.5	21.0	21.1

Wisconsin Knowledge & Concepts Exams (WKCE)

Beginning in the 2005–2006 school year, the federal No Child Left Behind Act required all states to test all students in reading and mathematics in grades 3 through 8 and once in high school (grade 10 under Wisconsin law s. 118.30). Students in grades 4, 8 and 10 also continue to be assessed in language arts, science and social studies as required by s. 118.30 Wisconsin Statutes.

Student performance in these areas are presented by the percentage of students attaining each of the four proficiency levels (minimal, basic, proficient and advanced) as well as the state proficiency levels and are used to determine the adequate yearly progress of students at the school, district and state levels. All test questions developed for the WKCE tests are in either multiple-choice or short-answer format. The test reporting categories and items assigned to measure each reporting category are aligned to the Wisconsin Model Academic Standards with grade-level appropriate descriptors supporting learning expectations for tests administered in the fall semester. The test design draws approximately 80% of the total score points from multiple-choice response items and 20% of the score points from student-generated short-answer items.

Pupil Staffing Ratios

Information for this report is extracted from data reported on the Staff Report (PI-1202) submitted by local school districts. Staff members are reported by full-time equivalency (FTE). The pupil/staff ratio is the student enrollment, counted on the

third Friday in September, divided by staff full-time equivalency (licensed instructional, administrative, aides/support/other, or the sum of all three).

District	Full Time Employees				Pupil to Staff Ratios

School Sponsored Community Activities

These activities are school-sponsored or supervised events that emphasize service to and involvement with the community. Data is reported for grades 9 through 12. The participation rate for each activity category is the number of participants divided by the 9th through 12th grade enrollment (counted on the third Friday in September).

District	Third Friday Enrollment	# of Students Participating		% of Student Participation		
		Required	Voluntary	Required %	Voluntary %	Overall %

Extra Co-/Curricular Activities

Extra-/Co-curricular activities are school sanctioned groups or events, not offered for credit or grade, designed to broaden, develop, and enhance school experience in areas of academics, athletics, and music. Data are reported for grades 6 through 12. The participation percentage rate for each activity category is the number of participants divided by the 6th through 12th grade enrollment, counted on the third Friday in September.

Graduation Requirements

Wisconsin law establishes 13 credits as the minimum for graduation, including four credits of English, three of social studies, two credits each of mathematics and science, 1.5 of physical education, and 0.5 of health. In addition, the Department of Public Instruction recommends a minimum of 8.5 elective credits in vocational education, foreign language, fine arts, and other electives.

District	* District Requirements Exceed State Mandates													Total Credit Offerings

Graduation Rates

Graduates are students who complete the prescribed course of study established by a local school district. For purposes of this report, GED and HSED completers are not counted as graduates.

The graduation rate is the number of graduates divided by the number of graduates plus cohort dropouts, expressed as a percentage.

The cohort dropouts statistic is the number of dropouts for a graduating class over four years (i.e. 12th grade dropouts for the year reported plus 11th grade dropouts for the prior year plus 10th grade dropouts for 2 years prior plus 9th grade dropouts for 3 years prior).

District	12th Grade Enrollment	Number of		Graduation Rate %
		Graduates	Cohort Dropouts	
Statewide	70,079	71,384	6139	89.60%
Germantown	327	337	12	95.55%
Cedarburg	299	305	7	97.70%

Port Washington-Saukville	226	242	4	97.52%
Whitefish Bay	237	234	2	99.15%

Postgraduate Intentions

This report reflects intentions of 12th graders when surveyed prior to graduation. The percent selecting each option is determined by dividing the number naming that option by the total number of graduates. Options include job training, vocational/technical college, 4-year college/university, military, employment, and seeking employment. Miscellaneous includes other, undecided, and no response.

District	Post Graduation Follow-Up Category by Percentages

Attendance

Attendance is face-to-face instructional contact between a student and a teacher. It is collected for the entire school year. The attendance rate is actual days of attendance divided by possible days of attendance, expressed as a percentage. The smallest reportable unit of attendance is one-half day.

District	9 - 12 Enrollment	Days of Attendance		Attendance Rate Percentage
		Possible	Actual	
Statewide	875,543	153,089,554.5	144,840,212.5	94.6%

A habitual truant is defined as a student who is absent from school without an acceptable excuse [s.118.16(4) and s.118.15] for part or all of five or more days on which school is held during a semester. Habitual truants are reported for all grades except Pre-Kindergarten (Birth through Age 2, EEN for ages three through five, Title 1 Preschool, Head Start, and 4-Year-Old Kindergarten).

The habitual truancy rate is the number of habitual truants, divided by Kindergarten through 12th grade enrollment, counted on the third Friday in September.

Retentions

District	3rd Friday Enrollment	Number of Students Completing Term	Number of Retentions	Retention Rate %

Port Washington-Saukville	2,599	2,567	13	0.506%
Whitefish Bay	2,753	2,798	45	1.608%

Retentions are students who, by local district policy, must either repeat a grade or need additional time to complete a prescribed program. The number of retentions are reported for all grades except Pre-Kindergarten (Birth through Age 2, EEN for ages three through five, Title 1 Preschool, Head Start, and 4-Year-Old Kindergarten).

The retention rate is the number of retentions divided by the Kindergarten through 12th grade enrollment, counted on the third Friday in September.

Out-of-School Suspensions

Out-of-school suspensions are absences from school imposed by the school district for disciplinary reasons.

Suspended students are counted only once (number of pupils suspended), and the percent of pupils suspended is the number of pupils suspended divided by the enrollment.

District	Suspensions		
	Total Enrollment	# of Students Suspended	% of Students Suspended
Statewide	875,543	56,398	6.44%

Expulsions

Expulsions are sanctions imposed on pupils by formal school board action which, for purposes of discipline, prohibit pupils from attending school. Expulsion action is described in ss. 120.13(1)(c) and 119.25, Wis. Stats.

Expelled pupils are counted only once (as number of pupils expelled) and the percent of pupils expelled is the number of pupils expelled divided by the enrollment.

District	Expulsions

Whitefish Bay	1,391	5	0.36%

A dropout is a student who was enrolled in school at some time during the reported school year, was not enrolled at the beginning of the following school year (third Friday in September), has not graduated from high school or completed a state or district-approved educational program, and does not meet any of the following exclusionary conditions: transfer to another public school district, private school, or state- or district-approved educational program; temporary absence due to expulsion, suspension or school-approved illness; death.

The dropout rate is the number of dropouts in grades 9 through 12, divided by the 9th through 12th grade enrollment (counted on the third Friday in September).

Revenues

In cooperation with the Wisconsin Association of School Business Officials Accounting Committee, the Department of Public Instruction (DPI) School Financial Services Team has developed several revenue "benchmarks" that can be used for informational and general analysis purposes. Data has been taken from Budget and Annual Reports submitted to the DPI by local districts. Revenue measures, by themselves, cannot indicate the extent or quality of a particular district's educational program. Users of this data are encouraged to pursue the reasons for revenue differences between districts. Financial information is obtained from the Annual Report (PI-1505) of school districts.

Comparative Revenue Per Student... The Comparative Revenue Per Student is a calculation that compares revenues received by districts from four sources: federal, state, local property tax, and local miscellaneous income.

Expenditures

In cooperation with the Wisconsin Association of School Business Officials Accounting Committee, the Department of Public Instruction (DPI) School Financial Services Team has developed several revenue and cost "benchmarks" that can be used for informational and general analysis purposes. Data has been taken from Budget and Annual Reports submitted to the DPI by local districts. Cost measures, by themselves, cannot indicate the extent or quality of a particular district's educational program. Users of this data are encouraged to pursue the reasons for cost differences between districts.

Expenditures Per Student ... Costs can differ from one district to another or from one year to another. There may be several reasons for this variance - educational programming, pupil transportation requirements, increases or decreases in debt service expenditures, or having food and community service operations. Reliance on a single cost determination, which may not be representative for all school districts, can lead to erroneous conclusions.

Unaudited 2006 - 2007 Annual Report Data

	Education Costs			Total Education Cost	Transportation	Facilities	Food & Community Services	Total District Cost
	Instruction	Pupil & Staff Support	Administration					
Statewide Enrollment = 867,699
