## What

An Individual Planning Conference (G-Talk) involves students, parents/guardians meeting with school counselors to develop an Individual Learning Plan (ILP). An ILP is a written plan that identifies what is to be achieved and looks toward the future. This conference:

- ◆ Is a 30 minute meeting
- ◆ Identifies future dreams, and evaluates educational and career goals
- ◆ Builds a positive dialogue between school and home
- ◆ Shares information about students' strengths, interests, abilities and potential
- ◆ Shares information and resources available through the school and community
- ◆ Assists students and parents to manage the educational and career planning process
- ◆ Assists students to transition to the next phase of their lives

## Benefits

- ◆ Students take responsibility for their future
- ◆ Students and parents/guardians share their thoughts and feelings
- ◆ Parents are more informed and involved
- ◆ Students and parents/guardians are motivated to be involved earlier in post-secondary planning
