If your child does not wish to have the option above, each morning students may choose from an array of cereal bars or muffins paired with protein choices including a cheese stick, yogurt or a hard-boiled egg (depending on availability), plus all breads and grains are whole grain. Add fruit, juice and a milk and students are Ready! Set! Go!!! for a great start to the school day.

A Note to Parents: All enrolled students are welcome to our morning breakfast program. Breakfast at school offers a quieter time for students to be with classmates as well as a wide variety of students from other grades within their school. This opportunity may also help busy parents on those hectic school mornings when other priorities accelerate the morning routine.

This institution is an equal opportunity provider.
