ADDITIONAL CONSIDERATIONS

- ▶ If you see a “_____” next to the title of a course on your course selection sheet, it means that you need a teacher’s recommendation to enroll in the course
 - ▶ Example: If you would like to take Jazz Ensemble, you need to get approval from Mr. Bell; if you would like to take AP Music Theory, you will need to speak to Mr. Brooks
 - ▶ See your school counselor if you have questions regarding who you need to speak to in order to enroll in a course
- ▶ Students interested in moving into Honors courses will need to get a recommendation from their current teacher
 - ▶ Example: If you are currently in American History but would like to take Honors World History next year, you will need to speak with your current American History teacher
 - ▶ How can you get the recommendation? Here are some ideas:
 - ▶ Get good grades
 - ▶ Display good study and work habits
 - ▶ Participate in class
 - ▶ Go above and beyond what’s expected of you

ADDITIONAL CONSIDERATIONS

- ▶ If you are having trouble deciding whether or not to take a course, sign up for it!
 - ▶ It's always easier to take it out of your schedule in August than try to add it in!
 - ▶ There might not have been enough interest for the course to run, it may be full, we might not be able to fit it into your schedule. etc.
- ▶ Once you enroll in your courses, you have until Wednesday, February 14th to change your mind and make adjustments to your requests
 - ▶ After February 14th, your course selections are final!!!!

CHOOSE YOUR COURSES WISELY

- ▶ Talk with your teachers and your parent(s)/guardian(s) to see which course(s) would be best for you
- ▶ Read the course descriptions in the Course Planning Guide
 - ▶ Don't take a course just because your friends have signed up for it
- ▶ Think about what you plan to do after you graduate from high school:
 - ▶ What should I take if I plan to go to college? Technical school? Pursue an apprenticeship?
 - ▶ What career(s) am I interested in?
 - ▶ What courses does GHS offer that could help me explore those interests further?
 - ▶ Utilize the Course Planning Guide – there are a lot of resources in it that will help you answer these questions
- ▶ Utilize Career Cruising
- ▶ See your school counselor if you would like more information about a particular course
