

Kennedy Middle School
6th Grade Course Registration Information 2012-13

Dear 5th Grade Students and Parents:

The following daily courses will make up your 6th Grade curriculum: Language Arts, Mathematics, Reading, Science, and Social Studies. You will also be enrolled in the following coordinated arts courses: Health Education, Introduction to Technology Education, Exploratory Art, Technology (Computer) Application (each meets every other day for a semester), and Physical Education (meets every other day all year).

6th Graders are also required to take a Music Education course (every other day all year). Your choices are: Band, Chorus, and General Music. Students who select band and chorus will perform in concerts as part of the class requirements. General Music does not have concert performances.

Please select one music course:

- _____ Band (please also return the blue Beginning Band Application so an instrument selection conference can be scheduled)
- _____ Chorus
- _____ General Music

*NOTE: If this registration form is not returned, the student will be placed in chorus or general music, based on class availability.

Please sign and return this form (and also the beginning band application if needed) to your child's 5th grade teacher by February 24. The fifth grade teachers will forward them to Kennedy Middle School. Please select carefully, as no schedule changes will be made when the school year begins.

Thank you,

Steve Bold Principal
Kennedy Middle School

I have read and approve of the above Music Education choice for my child.
