

Germantown Rec. Dept. Summer Program Offering...

SAFETY TOWN

***Ingoing kindergarten (K5) or 1st grade**

This program is co-sponsored by the Germantown Police Dept. and the Germantown Park & Rec. Dept.

Learning about safety is fun at "Safety Town." This unique co-educational program creates a child-size city where children use Kett cars to learn about road and pedestrian safety. Fire protection, poison prevention, animal safety and stranger awareness are some of the topics stressed by two qualified teachers, a police officer, guest instructors and teen volunteers. Please call the Germantown Recreation Department at 250-4710 with any questions.

Note: Parents should plan on attending the first 15 minutes of the first class for orientation.

Mondays – Fridays / 2 weeks
