

Thank you to our Tech Ed Sponsors

The Tech Ed facilities at Germantown High School were expanded and upgraded as part of the referendum construction. Additionally, new, up-to-date equipment was purchased to provide students with state-of-the-art experiences in technology, engineering, manufacturing, and autos. The funding for the new equipment came from a combination of school board funds, grants, and donations from community business sponsors.

We would like to thank the following businesses for their generous donations and level of sponsorship to help make our vision for the tech ed program a reality:

- J.W. Speaker - Platinum
- MGS - Gold
- TRANE - Gold
- GehlFoods - Silver
- Ultra Tool - Bronze
- Mahuta Tool - Community
- CD Smith - Community
- International Concrete - other
- 1 Collision - other
