

EARLY ADMISSION TO KINDERGARTEN

Children who are 5 years of age on or before September 1 are eligible for kindergarten enrollment. Parents/guardians of children who reach their 5th birthday after September 1 but before October 15 may apply for Early Admission to Kindergarten. These children will receive testing/screening to determine readiness.

All decisions related to a child's education are vital and deserve the careful deliberation of parents and school personnel. The question of early admission is particularly delicate because positive early educational experiences are the basis for future school success.

Parents interested in learning more about the early admission procedure may obtain an application packet by contacting the Department of Pupil Services at 253-3919. The completed packet should be returned by March 30.
