Maps for install locations available upon request.

Installation to take place after 6/5/18, work to be completed prior to 8/15/18.

When presenting proposals, please break them down by location, i.e. 2 separate proposals and break out optional costs as requested above. This helps with the evaluation as well as allocating costs by location that the district needs to have to file the Form(s) 471.

The Germantown School District will evaluate bids based on USAC eRate evaluation standards, with cost being the biggest factor by program rule.

The district reserves the right to reject any bid response that does not provide adequate information to evaluate the response. The district also reserves the right to reject any bid response from a vendor

that cannot provide documentation that they have an eRate SPIN and are able to conduct eRate business. Some questions may arise. If further clarification is necessary, or any vendor wishes to do a walk-through of either building, please direct those requests to Marc Gabrysiak (mgabrysiak@GSDWI.org). Consummation of this RFP process is not contingent upon the Germantown School District being awarded E-rate funding.

Bids are due **March 15, 11:59 PM**. Preferred method of bid submission is via email to Marc Gabrysiak (mgabrysiak@germantown.k12.wi.us). Bids may also be submitted via paper format provided they are received by the above time and date at the Germantown School District Office:

N104 W13840 Donges Bay Road  
Germantown, WI 53022

Thank you for your interest in working with the district via the eRate program  
Marc Gabrysiak, GSD Director of Technology
